Subject: Re: Request more information

Hi Dr. Zecevic,

We could defiantly provide you with fetal brain specimens. That is very nice of Dr. Brad Poulos to forward over to you our information.

I have attached our Researcher Application which is just requesting some general information. On the first page of the document is our fees for services. If you have any questions please don't hesitate to ask.

A few questions for you, are you working on a project currently that you need samples for and if so what gestation are you looking for?

Thanks,

Cate Dyer

FEES FOR SERVICES SCHEDULE

FETAL CADAVEROUS PROCUREMENT

SERVICE FEE

2nd trimester D & E (13 - 24 weeks)	PER SPECIMEN	\$180
1st trimester aspiration (5 - 12 weeks)	PER SPECIMEN	\$390
Complete POC	PER SPECIMEN	\$890

BLOOD SAMPLE PROCUREMENT

Maternal Peripheral	PER SPECIMEN	\$185
Adult Peripheral	PER SPECIMEN	\$185
Full Term Umbilical Cord	PER SPECIMEN	\$445

SPECIAL PROCESSING/PRESERVATION

Tissue "cleaning"	PER SPECIMEN	\$45
Special requests	PER SPECIMEN	\$45
Snap freezing (LN2)	PER SPECIMEN	\$40
Passive freezing (Dry ice)	PER SHIPMENT	\$80

INFECTIOUS DISEASE SCREENING *

HIV, HBsAg	\$75
Additional tests are available	

DELIVERY *

Researcher will be responsible for paying costs of shipping to FedEx. In the event that Stem-Ex is billed for shipping costs shall be as follows:

Federal Express Priority Overnight	\$85
Federal Express First Overnight	\$115
Federal Express Saturday Delivery	\$100

Other shipping methods may be determined by mutual agreement.

*Lab and Courier fees are subject to change based upon increase imposed by providers.

Our Terms: Net Due Upon Receipt

These Fees are Effective April 1st, 2010

STEM-EX, LLC.

APPLICATION FOR THE ACQUISITION OF
HUMAN TISSUE FOR RESEARCH

Our medical director reviews all requests for human tissue for feasibility of procurement and preparation. When approved, an individual protocol will be developed for the procurement, preparation and delivery of tissue samples, based on the information provided in this application and any subsequent communication.

I. APPLICANT INFORMATION

NAME: _____ TITLE: _____

COMPANY: _____ PARENT COMPANY (IF APL.): _____

ADDRESS: _____

ADDRESS: _____ CITY, ST, ZIP: _____

SIGNATURE OF APPLICANT / P.I.

DATE

PRINT NAME AND TITLE OF APPLICANT / P.I.

STEM-EX, LLC.

TERMS AND CONDITIONS

Upon approval of the attached Researcher Application, both Researcher and Stem-Ex, LLC, agree to be bound by the following terms and conditions:

1. DEFINITIONS:
 - A. The term “fetal organ” has the same meaning as the term defined in the National Organ Transplant Act (42 U.S.C.A. 274e(c)(1)) and means the human kidney, liver, heart, lung, pancreas, bone marrow, cornea, eye, bone, and skin or any subpart thereof and any other human organ or any subpart thereof, as from a fetus.
 - B. The term “product of conception” (“POC”) means any fetal organ or other fetal or placental material taken from the human uterus during an abortion.
 - C. The term “maternal bloods” means blood samples taken from a pregnant woman.
 - D. The term “donor” means a person who has voluntarily consented to allow POC or maternal bloods to be used for scientific, medical, or research purposes.
2. SERVICES STEM-EX PROVIDES: Stem-Ex is a company devoted to providing services related to the procurement of human organs, tissues, and blood for medical research in order to facilitate medical research utilizing those tissues. Stem-Ex procures and ships POC and maternal bloods, preserves and processes POC, and provides infectious disease testing of donors.
3. PRICE FOR SERVICES: Stem-Ex procures POC, maternal bloods, and provides other services at the rates shown on the attached “Fees for Services.” Rates may change upon thirty-days notice to researchers.
4. PAYMENT FOR SERVICES: Stem-Ex will invoice Researcher via e-mail for charges incurred daily, unless other arrangements are made. Payment will be due upon Researcher receipt of invoice.
5. SHIPPING: Researcher will be responsible for paying cost of shipping. Shipping costs will be charged directly to Researcher via Fed-Ex, and Researcher is responsible for obtaining a Fed-Ex account and providing account information to Stem-Ex. Any shipping charges reversed to Stem-Ex will be subject to the rates shown on the attached “Fees for Services,” which may change without notice. Other shipping methods may be determined by mutual agreement after approval of the Researcher Application. International shipping may be arranged on a case-by-case basis.
6. REQUESTING SERVICES: Researcher shall notify Stem-Ex at least one day in advance of requested services, identifying specifically the tissue requested and any special treatment requested. Stem-Ex will make every reasonable effort to obtain the requested tissue. However, Stem-Ex is not obligated to provide any minimum number of POCs or maternal bloods. Stem-Ex has no control over the number of donors that will consent to donate POCs or maternal bloods for research.

484 Main Street, Suite 1 / Diamond Springs, CA 95619 / T: 877-900-STEM (7836)

F: 530-647-2500 / info@stem-ex.com / www.stem-ex.com

STEM-EX, LLC.

7. **CONFIDENTIAL INFORMATION:** Any donor information obtained by Stem-Ex is privileged, and Stem-Ex treats donor information in a manner that preserves the confidentiality of the donor. Stem-Ex will provide Researcher with only minimal and non-privileged information regarding donors.
8. **AGREEMENT TERM:** The term of this Agreement shall be for one year, beginning from the date hereof, and terminating one year thereafter. Parties may, at any time, give each other thirty days written notice of the intention to terminate this Agreement, whereupon the Agreement shall terminate thirty days after the receipt of such notice. In the absence of such termination, this Agreement shall continue for further successive terms of one year thereafter.
9. **NOTICE:** Written notices pursuant to this Agreement shall be sent to the following:

Attn: Researcher
(at the address provided
on the Researcher Application)

Stem-Ex
484 Main Street, Ste. 1
Diamond Springs, CA 95619

9. **LIMITATION:** The parties mutually agree to defend, protect, and hold harmless each other's officers, directors, agents, employees, affiliates and consultants from and against any and all expenses, liabilities, demands or claims for loss or damage to property, or for personal injury or death suffered as a result of any actions by the parties in the performance of the Agreement and attributable to the fault or negligence of the parties or their respective officers, directors, agents, employees, or consultants. In no event shall Stem-Ex or its affiliates be liable for damages or losses that exceed, in aggregate, the amount the Researcher paid Stem-Ex for services that may have given rise to such damages or losses.
10. **MODIFICATION:** No modification to this Agreement, nor any waiver of any rights, shall be effective unless agreed to in writing by the party charged with such waiver or modification, excepting changes specified in paragraphs 3 and 5, above. Waiver of any breach or default shall not constitute a waiver of any other right hereunder, or any subsequent breach or default.
11. **EXCLUSIVITY OF AGREEMENT:** This Agreement constitutes the entire agreement between the parties.

STEM-EX, LLC.

12. GOVERNING LAWS: This Agreement shall be governed by and interpreted under the laws of the State of California, and venue for any dispute arising hereunder shall be in the County of Sacramento.
13. PREVAILING PARTY: The prevailing party in any action to enforce the terms of this Agreement shall be entitled to reimbursement by the other party for all costs, including the reasonable attorney fees and professional fees, incurred in connection with such proceeding.
14. EFFECTIVE DATE: This agreement shall become effective and binding between Researcher and Stem-Ex upon Stem-Ex's acceptance of Researcher's Application.

Attachments: Fetal Foot Chart.pdf; ATT00001..htm

Hi Nada,

Attached is the Fetal Foot Chart we use to determine size. I know there are a few charts out there, some are slightly different. This is the one we use to determine gestation, as well as the ultrasound report. I am so happy you were able to use the tissue and I hope the samples you were able to attach are successful. If we are able to get another specimen for you this coming week would you like to receive it? I did find a local distributor that can make 4% paraformaldehyde, so if you let me know if you would prefer your samples sent in that media I will have them make us up some.

Thanks,

Cate Dyer

Subject: UConn - Stem-Ex Application

Dr. Zecevic:

We would like to welcome you as a new client of Stem-Ex and look forward to being a part of the exciting research you are conducting. Our representative will be contacting you directly to arrange the details of delivery - including media transport and delivery times/dates. One of the ways we hope to serve you better is to provide a space to host our clients' stem-cell and fetal tissue research on our website. This will not only give your research more visibility within the medical community, but also provide other researchers with important information. We can do this by directly hosting PDF copies of abstracts or by linking to online journals. If you would like to send me one or two of your abstracts and/or website links, we would be happy to consider those for posting on our website. Additionally, we will be publishing a Quarterly E-News letter to our clients. If you would like your research mentioned in that publication, please let me know.

We are excited to have you on board as a client and welcome any feedback from you as to how we can better serve the needs of the medical research community.

Sincerely,

T D Dixon, MD
Medical Director

Hi Nada,

Our media is kept refrigerated and we always have procurement boxes with ice ready to go once we procure the tissue it goes into a conical tube with media and then into ice within minutes.

If we get something today we will use our FedEx acct number and then when ever you are able to pull your up please let us know.

Hi Nada, the weeks of gestation will only be known once we see the cases and determine the quality of the tissue. We have 65 cases today to choose from ranging from 5wks to 18weeks.

I did find a tube that is capable of oxygenating the media so I can procure it for you this week and we will look at all the cases today with you in mind and see what we can find. As soon as we have something for you I can notify you via email with the gestation and FedEx tracking number. For the time being we will use our FedEx account until you provide us with your own information.

Client Information for Informed Consent

**DONATION OF ABORTED PREGNANCY TISSUE FOR MEDICAL
RESEARCH, EDUCATION, OR TREATMENT**

Recent advances in medical science have been developed through research using tissue that has been aborted. This research is being done to treat and find a cure for such diseases as diabetes, Parkinson's disease, Alzheimer's disease, cancer, and AIDS.

Tissue can be obtained as a result of donation of pregnancy tissue after an abortion. Before you give your consent to donate pregnancy tissue and/or a blood sample, **read each of the following statements and initial the line to the right.** If there is any statement you do not understand, or if you have any questions, someone will discuss them with you.

Before this consent was ever offered to me, I had previously decided to have an abortion and signed an informed consent document. _____

I agree to donate the tissue from the abortion and/or miscarriage, and a blood sample if needed, as a bodily gift to be used for education, research, treatment or the advancement of medical science. _____

I understand the donation is made without any restriction regarding who might receive the donated tissue or for what purpose it might be used. _____

I have not been informed of the identity of any individual who will receive the tissue that I am donating. _____

I understand the method, timing or procedure of abortion cannot and will not be substantively altered for the purpose of obtaining the tissue. _____

I understand there will be no payment to me for the donated tissue or for any product, process or service that may result from this donation. _____

I understand that I may refuse to donate pregnancy tissue, and this will not affect my current medical care or my ability to get any future medical services at Planned Parenthood Mar Monte. _____

Signature: _____ Date: _____

Witness: _____ Date: _____

PATIENT NAME: _____

DOB: _____

DATE: _____

___ Aborted tissue was donated.

___ Consent for the abortion was obtained prior to requesting or obtaining consent for the tissue donation.

___ No substantive alteration in the timing of terminating the pregnancy or of the method used was made for the purpose of obtaining the tissue.

Physician's Signature

RPMI 1640

Product Use

RPMI 1640 was developed for culturing normal human leukocytes. It can be used for suspension and monolayer mammalian cultures.

Formula

<http://www.lonzabioscience.com/Content/Documents/Bioscience/RPMI.pdf>

RPMI 1640 – Liquid

08-012	without L-glutamine, Media Bag
09-774	with L-glutamine, 25 mM HEPES, 100 units/ml Penicillin and µg/ml Streptomycin
12-115	With 25 mM HEPES, with L-glutamine
12-167	without L-glutamine
12-702	with L-glutamine
12-918	without L-glutamine, without Phenol Red

RPMI 1640 – Powder*

15-702	with L-glutamine
--------	------------------

*RPMI 1640 powder media does not contain sodium bicarbonate in the powder mixture. The recommended sodium bicarbonate (NaHCO₃) concentration for RPMI is 26.7 ml/L of 7.5% NaHCO₃ solution or 2.0 g/L of NaHCO₃ powder. The recommended L-glutamine concentration in RPMI 1640 is 2.1 mM (300 mg/L of L-glutamine powder or 10.3 ml of 200 mM L-glutamine solution).

Quick Reference Chart

	L-Glutamine	HEPES	Pen/Strep	Phenol Red	Container

Hi Nada, sorry for the delayed response. Sometimes my emails pile up on me. We will add you back onto the schedule. Would you still like the media oxygenated? Also going forward if you would please email Bill Malowney who is Cc'd on this email he will get you onto the schedule right away. As you can see from emailing me, there can sometimes be a delay.

My apologies,

Cate Dyer, CEO

Dear Client,

We wanted to take a brief moment to thank you for continuing to utilize StemExpress and let you know some exciting news.

We are moving to online ordering!

We have created a login and password specific to your account. This information is housed on a secure network and all of your orders will be placed online moving forward.

Please login to your account by following the link below

<https://stemexpress.com/members-area>

Your Information:

Login: [REDACTED]

Password: [REDACTED]

Once you have logged in, please click on "Profile Information" and follow the instructions to reset your password and to verify your account information. Once you login there is also a link to "Create a User" if you need to add another person inside your organization that handles orders.

Our goal is to have you begin to utilize this system for all new orders. This will provide automated ordering forms with the information we need to fulfill your requests in the quickest time possible.

Please let me know if you have any questions regarding this process.

Thank you,

Cate Dyer, CEO

Hi Cate,
we got the tissue today, although quite late and in pieces. Anyhow we will try to use it. What is the solution the tissue is in?
Can you send me the complete solution recipe?
Thanks a lot,
best
nada

Hi Nada,

I just wanted to check in with you and see if you had a need to be on our procurement schedule to receive brain tissue as a standing order? I know the last specimen we procured for you was October 4th. I have sent you a specific login to use to place an order online, but I noticed you have not placed an order as of yet. So I just want to double check with you and see if you had a need to be on our schedule and/or had any questions regrading the new ordering system.

Thanks,

Cate Dyer, CEO

Hi Bill,
we got the tissue (in pieces, but still useful). No other info was included- how old is the case?
Best,
Nada
