ADDITIONAL INFORMATION

Agency Name: Administration for Children and Families - ORR

Description: The Office of Refugee Resettlement (ORR) within the Administration for Children and Families (ACF) invites States to submit applications for Refugee Health Promotion (RHP) discretionary grant funds. The purpose of the RHP grant is to support health and emotional wellness among refugees. The program is designed to coordinate and promote local health and mental health services and education. The funding should enhance access to health care services. The RHP grant is intended to encourage partnerships with community-based organizations and complement existing care coordination and medical assistance programs such as Medicaid and Refugee Medical Assistance (RMA), which includes refugee medical screenings (RMS), and other ORR-funded social service programs, including Preferred Communities.
