Ignacio Sanchez Galan  
Iberdrola Renewables  
C\ Thomas Redondo, 1  
28033 Madrid Spain

Dear Mr. Jose Ignacio Sanchez Galan:

It is with great pleasure that I hear of your plans to make Pennsylvania Iberdrola's U.S. home. It is truly an honor to have a company as accomplished and visionary as Iberdrola join us in our clean energy efforts. I can assure you having made clean energy deployment a signature piece of my administration, you will have our full support in the development of a thriving profitable business in Pennsylvania.

Pennsylvania is fast becoming a world leader in fostering renewable energy. We were the first eastern state to develop utility scale wind projects and the pace of utility scale wind development continues to quicken across Pennsylvania. We have put in place some of the most progressive public policy in the United States to encourage renewable energy development, including our groundbreaking Alternative Energy Portfolio Standard, which will require approximately 4,000 MW of wind energy in the next 13 years.

I write to you specifically today to invite you to visit me in Pennsylvania. I would be very pleased if you would consider joining me in a public announcement and celebration of Iberdrola's arrival in the Commonwealth of Pennsylvania. Please let me know if my office might work with you to identify suitable times for such a visit and announcement.

Sincerely,

Kathleen A. McGinty  
Secretary
