After the Mueller Report: What's Next?

Ballroom ABC

Given the events of the last few days, we added a special discussion, **After the Mueller Report: What's Next?**

We will be joined via live video by House Judiciary Committee Chairman **Jerrod Nadler**, American Constitution Society President **Caroline Fredrickson**, and Center for American Progress President **Neera Tanden** to bring us up to date on where we stand in myriad investigations into Trump's corruption and abuses of power.

This conversation will immediately follow the morning Partner Forum panel discussion, **Does Big Tech Threaten Democracy?**, and the session will still conclude at noon.
