Re: Camp Farthest Out
5915 Farthest Out Drive
Sykesville, MD 21784

Dear Mr. Richardson:

As you recall, this office conducted an inspection of the Camp Farthest Out youth camp program on July 31, 2002. A copy of the inspection report is enclosed. This inspection was done to verify compliance with Maryland’s Certification for Youth Camps Regulation, COMAR 10.16.06. In order for a camp to be certified to operate as a youth camp in Maryland, the operator must demonstrate compliance with COMAR 10.16.06.

Numerous violations of COMAR 10.16.06 were observed during the inspection. The inspection included repeat violations, which are violations that were noted on last year’s inspection of the camp and again noted as a violation when this year’s inspection was done. As of this date, this office has not received compliance documentation indicating correction of the violations.

As a result of the numerous and repeat violations observed, this office is requiring you to attend an informal conference to discuss correction of these issues. This conference will be held on Thursday, December 12, 2002 at 10:00 a.m. The Division of Community Services office is located at 6 St. Paul Street, Suite 1202, Baltimore, Maryland 21202.

Prior to attending this conference, please develop a detailed plan explaining how you will correct each violation. Please be prepared to discuss this plan at the meeting. Certification of the Camp Farthest Out youth camp for 2003 will be withheld until after the conference and all items noted on the July 31, 2002 inspection report are adequately addressed.
If you have any questions or need directions, please feel free to contact Mr. Kirk Engle at (410)-767-8424 or myself at (410)-767-8418.

Sincerely,

Pamela Engle, R.S., Acting Chief
