#### IRS Form 8940 8g – Reclassification of Foundation Status Supplemental Materials

TELESCOPE FUND EIN: 86-2577635

#### **REQUEST**

Telescope Fund ("Telescope" or the "Organization"), a District of Columbia nonprofit corporation, through the filing of Form 8940 and this supplemental information and accompanying materials, hereby requests the reclassification of its status as a public charity under Sections 509(a)(1) and 170(b)(1)(A)(vi) of the Internal Revenue Code of 1986, as amended (the "Code"), effective as of January 1, 2023.

The Organization is currently classified as a Type I supporting organization under section 509(a)(3).

#### **BACKGROUND**

The Organization was incorporated on March 8, 2021 and received a determination letter from the IRS on October 12, 2021 approving its tax-exempt status as a Type I supporting organization under section 509(a)(3). The Organization's supported organization is New Venture Fund ("NVF") (EIN 20-5806345), a section 501(c)(3) organization described in sections 170(b)(1)(A)(vi) and 509(a)(1) of the Code. NVF works to achieve a healthier, more equitable world. NVF's work spans a range of issue areas to realize social and environmental change.

As described in its exemption application, the Organization is organized and operated for charitable purposes to help donors, social entrepreneurs, and other changemakers make grants and provide other support to charitable initiatives within the United States and in other countries, including, but not limited to, global health, conservation, social justice, alleviation of poverty, scientific research, disaster recovery, education, and the arts.

As further described in its exemption application, the Organization will sponsor donor advised funds. However, the Organization was not planning to open hundreds or thousands of donor advised fund accounts for donors, like the charitable business model of most donor advised fund sponsors today. Rather, the Organization intended to focus its work on large scale grant funded projects supported by a limited number of donors. The Organization intends to work very closely with donors in implementation of the projects and serve as a steward and resource assisting donors in fulfilling their philanthropic objectives. Because the Organization was not planning to receive contributions from hundreds or thousands of donors, the Organization made the determination that it might not meet the public support test to qualify as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi) and therefore chose instead to be organized as a supporting organization.

#### REASON FOR REQUESTING RECLASSIFICATION AND ADVERSE IMPACT IF RECLASSIFICATION IS NOT GRANTED

The Organization has now been operating for about a year and a half and it has become clear to the Organization that classification as a supporting organization under section 509(a)(3) is hindering its ability to fulfill its mission and activities in working with donors on their philanthropic objectives. The Organization believes that reclassification as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi) is in the Organization's best interest in order to attract donor funding and carry out its mission and activities as intended.

The Organization's current classification as a supporting organization is preventing donors from working with the Organization. Potential donors to the Organization are used to working with public charities classified under sections 509(a)(1) and 170(b)(1)(A)(vi) and expect the Organization to be classified as a public charity under those sections. They are not familiar with a supporting organization sponsoring donor advised funds and are reluctant to open donor advised funds with the Organization if the Organization is classified as a supporting organization.

If the Organization is not reclassified as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi), the Organization believes that it may not be able to attract any donor funding in the future and therefore not able to engage in its planned activities to further its charitable mission.

Further, the Organization does believe that if it is reclassified as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi), it will be able to attract sufficient number of donors and contributions in order to satisfy the public support test.

## **REQUEST FOR EXPEDITED REVIEW**

The Organization is respectfully requesting expedited review of its request for reclassification as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi) for the following reasons:

- The Organization is concerned that it is not able to attract donor funding unless it is classified as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi). The Organization has received funding from only a few donors in its first year, and the Organization has not been able to attract additional funding. Potential donors have been declined to work with the Organization and make contributions because of its classification as a supporting organization.
- Although the Organization has not been able to secure any donor commitments that are conditional on the Organization's reclassification being approved by the IRS, there are prospective donors that have indicated to the Organization that they will plan to work with the Organization and make contributions to the Organization once the Organization's request for reclassification is approved.
- The IRS has published in its priority guidance plan that it is planning to publish regulations related to donor advised funds. Like other sponsoring organizations that operate donor advised funds, the Organization welcomes and is eagerly awaiting the

guidance and regulations from the IRS. However, the Organization is concerned that the IRS regulations may create uncertainty as to how those regulations may apply to donor advised funds when the sponsoring organization is, like the Organization, a section 509(a)(3) supporting organization. The Organization would like to follow and rely on any donor advised fund regulations published by the IRS and avoid any uncertainty regarding the application of such regulations. For that reason, the Organization would like to be classified as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi), which is the most common classification for sponsors of donor advised funds.

## **PROGRAMS AND ACTIVITIES<sup>1</sup>**

As described above, the Organization has been in existence for less than two years and has not had significant activities yet, besides receiving contributions and awarding grants to a few dozen charitable organizations. The past and ongoing and the future programs and activities are as follows.

Telescope Fund partners with donors to expand their philanthropic giving by providing them with the tools needed to catalyze their vision for change. It achieves these goals by providing support for strategic grant making, efficient operations, expert advising, and innovative problem solving.

The Organization is engaging in discussions with philanthropists about various specific prospective projects and activities, including:

- Utilizing a donor advised fund to support capacity building of state-based organizations working in the democracy and civil society with a focus on nonpartisan voter engagement and voter protection.
- Establishing a donor advised fund to support global land conservation efforts through grantmaking and program related investments.
- Establishing a donor advised fund to support closing the racial equity gap and further Diversity-Equity-Inclusion initiatives.

The Organization will engage in the activities and programs as described in its exemption application. In summary, these include the following:

• The Organization will assist donors and donor advisors who seek to deploy donor advised assets to achieve the greatest possible impact by using multiple strategies, tools, approaches, and tactics. Although sponsoring organizations of donor advised funds are legally permitted to harness donor advised assets in multiple ways – e.g., to foster greater innovation and creativity in grantmaking, to promote equitable and inclusive practices, to leverage investments to achieve charitable goals, to advance

<sup>&</sup>lt;sup>1</sup> The description of the Organization and its programs and activities included in the Organization's exemption application that was approved by the IRS is incorporated by reference herein. As further described in its exemption application, Arabella Advisors, a nationwide consulting firm with expertise in philanthropy and nonprofit organization management, provides management and administrative services to Telescope Fund. Arabella Advisors ensures that Telescope Fund complies with federal, state, and local regulations, and provides other administrative functions for Telescope Fund, including HR, payroll, and legal support services.

public policy, to provide technical and capacity support for partner organizations, etc. – few do so. The Organization plans to fill this resulting need.

- Through its donor advised funds and its grantmaking activities, the Organization will enable and promote innovative and efficient deployment of donor advised assets to high-impact charitable initiatives. By providing economies of scale, operational infrastructure, technical and operational support, governance, compliance, and legal oversight, grants management and grantmaking expertise, and charitable investment management, the Organization will leverage donor advised assets to pursue the strategies and tactics that are most promising.
- To engage people with diverse backgrounds and experience, to access technical expertise germane to an issue, and to better engage with partners, the Organization may create advisory committees to advise it about the work of one or more donor advised funds and to assist in activities such as vetting grantees, grant proposals, and charitable investments to nonprofit organizations. Any such advisory committees would have the right to make only non-binding recommendations. The Organization will hire staff and contractors to provide comprehensive support to the donor advised funds it hosts, including, for example, robust due diligence, pre- and post-grant evaluation, strategic planning, financial analysis, donor engagement, research, reporting, and any other services that can help promote the most effective use of the Organization's charitable funds.
- The Organization expects that donors and grantees will collaborate in creative and increasingly impactful ways in pursuing charitable objectives. The Organization will engage proactively with donors to ensure that the grants and charitable investments they are recommending offer the most promising solutions to complex problems. The Organization, directly and through partners, will offer advisors access to training and educational materials to encourage donors and donor advisors to consider non-traditional grantmaking and to recommend deploying funds in ways that other sponsoring organizations of donor advised funds do not have the systems or expertise to support or support in a holistic way in relation to a donor's charitable objectives.<sup>2</sup> Services may include streamlined and equitable grantmaking practices; charitable investments and mission-related investments; supporting grantees access to capital through recoverable grants, loans, loan guarantees, and other financing structures; funding advocacy and lobbying; providing funding to hire staff and contractors to

support charitable work; and making grants to organizations that are not classified as section 501(c)(3) charities but that are undertaking charitable projects (the grants would be restricted to supporting only the charitable projects). The Organization will ensure that all of these potential strategies are implemented in accordance with applicable requirements. For example, any funding of advocacy and lobbying will be done in compliance with the limitations that section 501(c)(3) imposes on supporting advocacy and lobbying. Program-related investments will be consistent with the requirements that govern program-related investments for private foundations. Similarly, mission-related investments will be consistent with the guidelines the IRS published in Notice 2015-62 (Investments Made for Charitable Purposes).

• The Organization will rely on third-party investment managers to manage assets in its donor advised funds. As permitted under the rules regulating donor advised funds, donors and donor advisers may make recommendations regarding the investments of the donor advised fund assets. Consistent with these requirements, the Organization will allow donors and donor advisors to recommend that the entirety or a portion of their donor advised fund assets are managed by a specific investment manager. When receiving such advice, the Organization will review, evaluate and approve or reject the suggested investment manager based on standards and criteria that is developed and approved by the Board of Directors. These standards and criteria will be part of the Organization's investment policy that is developed and approved by the Board of Directors.

## **FUNDRAISING**

A completed Schedule A is enclosed (as <u>Exhibit B</u>) based on the Organization's 2021 completed tax year and projected for 2022 tax year. It shows a public support test percentage of 100%, which would already allow the Organization to satisfy the public support test. In addition, the Organization was incorporated in 2021 and therefore is still in its first five-years as a new organization in connection with the calculation and requirements of the public support test. The Organization's filed 2021 Form 990 is enclosed as <u>Exhibit C</u>.

The Organization utilizes multiple channels to inform, cultivate, and maintain a donor base. These include, among others, relationships with legal practitioners, wealth advisors and accountants who advise prospective donors; membership organizations that serve philanthropic organizations, such as Council on Foundations, National Network of Fiscal Sponsors, and Peak Grantmaking; and other family charities serving family and individual philanthropists.
