Hi Chris,

Thanks for reaching out. I'd be happy to chat. I'm pretty booked the next couple days but I have time Friday. Does anytime work for you that day?

Thanks,

Richie

Hey Richie,

We've met at a couple of things, but mostly not professionally.

I wanted to talk to you about how AG Mayes is thinking about HCR 2060, especially from a prosecutorial perspective. I think there's a really strong narrative that she could seize, but also understand it could/would be inherently political.

Could I have a few minutes in the coming days to talk that through, if you all are interested?
